Frontiers in Optics + Laser Science

Science + Industry Showcase:

18 - 19 October 2022

Joseph A. Floreano Rochester Riverside Convention Center
Rochester, New York, USA

frontiersinoptics.com/exhibitatfio

About the Event

Frontiers in Optics encompasses the breadth of optical science and engineering and fosters the exchange of information between researchers and product developers looking for ways to cut time to market through innovation.

The Technical Conference is supplemented by three themes that leverage the intersection between science and applications—the end result is intended to illustrate the research within the technology. The themes provide opportunities for focused, deep-dives into the most compelling and promising technologies of tomorrow.

Connect Research with Applications: The 2022 Themes.

- Machine Learning
- Virtual Reality and Augmented Vision
- Quantum

Science + Industry Showcase

The technical content is complemented by the Science + Industry Showcase. This is an in-person exhibit featuring leading optics companies, technology product demonstrations and industry-focused programs. In addition to securing an exhibit space, your company has the opportunity to sponsor a 20-minute technology showcase. This sponsorship will allow you to position your company as a thought leader and discuss your products and services in detail, while being featured in the FiO conference schedule.

Laser Science

This important forum, sponsored by American Physical Society's Division of Laser Science (APS/DLS) features the latest in laser applications, spanning topics in physics, biology and chemistry.

Reach Key Buyers. Grow Sales.

Exhibit Onsite. Secure a Sponsorship.

Frontiers in Optics is returning to Rochester, which serves as the hub for the optics industry and is a prime location to showcase your product line, meet new customers and connect with industry leaders. Rochester is home to the world's most respected optics experts.

Exhibit & Sponsorship Opportunities

Now more than ever, it is essential to stay connected with your customers and develop new relationships. As buyers resume business travel and in-person interaction, so does your ability to engage with them one-on-one.

To support your efforts, FiO is returning to in-person exhibits in 2022. Recognizing the value of online participation, the event will also include virtual components. This includes virtual sponsorship opportunities to support your objectives.

Exhibiting can significantly extend your reach to a global audience of buyers and industry leaders, as well as newly accessible early-career professionals looking to forge a career in industry.

- **Thought Leadership** – Position your company as a trusted thought leader and strategic partner to a highly engaged audience.
- **Mindshare** – Bring your solutions directly to new audiences through meaningful brand exposure and networking.
- **Market Intelligence** – Gather authentic, unfiltered perspectives on the business challenges facing attendees, presenting you with new opportunities.
- **Branding** – Place your company in front of decision-makers that will influence the buying process.

Meet Optica

For more than a century, through membership and highly-respected meetings and journals, our society has brought together a community renowned for its scholarship and innovation.

Optica, formerly OSA, honors both that rich history and the incredible community that made it all happen. We are committed to realizing the potential of light to solve societal challenges and empower what's possible when we all work together.
